Amusements—Absence of Governor Baker—Township Election.

[Special to Evansville Journal.]

INDIANAPOLIS, April 1.—A splendid audience crowded the Metropolitan to-night, to witness the first appearance in this city of Vestrali, "the magnificent."

The Hanlon Brothers, at Morris's Opera House, attracted a large crowd, who witnessed their unapproachable feats with unbounded enthusiasm. Shop-lifting has become a mania here. Several women have been arrested with large amounts of goods concealed about their persons.

The absence of Governor Baker has put a temporary check on important news from the State House.

The Township election passed off quietly. The vote has been light. The counting will not be finished till morning, but the Judges of election say the Union ticket is undoubtedly elected, by five to seven hundred majority.

NEW YORK.

Scalded Insurance Companies—Laid from Mexico—Destructive Fire—Sailing of a War Steamer, &c.

NEW YORK, April 1.—The special committee of the Board of Councilmen reported against the park site for the Post Office.

Alfred A. Clark, a Custom House clerk, has been arrested as the author of a forged pay roll last week, by which he realized \$1,000.

The Internal Revenue officers seized over 400 barrels of whisky, which had been relieved from a bonded warehouse under transportation bonds, which are thought to be worthless. It is believed, by a similar process, that from 3,000 to 4,000 barrels have been removed and realized upon.

The Pacific Mail Steamship Company's steamer Costa Rica sailed to-day for China with a full and valuable cargo. This vessel is sent out for the purpose of making the connection between Shanghai and Yokohama.

NEW YORK, April 1.—Yesterday afternoon somebody set fire to some shabby on the Jersey Flats, along the Hackensack River, which communicated to quite a forest of trees, and before the fire was extinguished, it spread nearly a mile in length, destroying everything in its way. The firemen of Hudson City and West Hoboken, succeeded in preventing the flames from communicating with several dwellings near by.

The Times special says efforts are made to depreciate the condition of the Treasury for a speculative purpose, and quotes part of a circular sent to Europe by a New York house, with that view. But this correspondent learns from the highest authority, that so far from the Treasury being involved prospectively in difficulty because of the extent of its maturing obligations, the prospect is precisely the reverse.

The custom revenues, thus far, approximate closely to the large receipts of last year, and although the Internal Revenue receipts are considerably less than last year, as was naturally expected and fully anticipated, as well from reduction of taxation as from depression of business, it is now positively certain the fiscal year will close with a very gratifying balance of receipts over expenditures.

NEW YORK, April 1.—The Dye-Wood Mill of Harvey's, on the outskirts of Brooklyn, was burned on Saturday evening. Loss, \$40,000. Insured.

A dispatch has been received from Gov. Throckmorton, of Texas, to the effect that the State would be immediately reorganized under the Reconstruction Act.

NEW YORK, April 1.—The General McCullum, the iron war steamer designed for the service of the Mexican Liberals, sailed from this port yesterday for Tampico, Mexico, with two full batteries of artillery, 10,000 stand of arms, four tons of powder, and a large quantity of fixed ammunition aboard. The vessel carried also several officers of the Liberal army.

The Herald's Havana correspondent of the 27th ult. says:

The whole French squadron of war

vessels from Vera Cruz had arrived, making an imposing display.

The Spanish iron-clad Teuton, which excited the unqualified admiration of the Dons some time ago, was thrown completely into the shade on the appearance of the French vessels of the same character.

Gen. Dulce was married with imposing ceremony recently.

NEW YORK, April 1.—Advices from Mexico City, of 13th ultimo, says the liberals were almost under the walls of the capital, and prevented supplies from entering. Maximilian's army at Queretaro was completely encircled by the Liberals. General Diaz had commenced besieging Puebla. The people in Vera Cruz were disposed to insist on a surrender to the Liberals outside. Over 300 persons were in prison in Mexico City for expressing sympathy with the Liberals and failing to pay their quota of the forced Loans. Maximilian's Governor of the City had resigned and intended to leave for Europe.

MISCELLANEOUS.

Murderers Hung—Pennsylvania State Loan—Kansas Treaty—Texas to be Reorganized.

HARRISBURG, April 1.—Bids were opened to-day for \$22,000,000 State loan; about \$1,000,000 at five per cent., bid for at par, and about \$31,000,000 at six per cent. were bid for from par to one-half per cent. premium. The bids exceed the amount wanted by about \$8,000,000. Drexel & Co., Jay Cooke & Co., and Clark & Co. got about \$16,000,000 at premiums ranging from 1-20 to 1-16 per cent.

CINCINNATI, April 1.—A special dispatch to the Commercial says two men, named Brooks and Tally, charged with the murder of an old lady, at Clear Springs, Jackson County, Indiana, some months ago, were taken from the Brownstown, Jackson County, Indiana, jail, on Saturday night, by a mob, and hung.

MANCHESTER, N. H., April 1.—The projected strike of the spinners for ten hours a day has been abandoned, and work proceeds as usual in the factories.

WASHINGTON, April 1.—The Supreme Court of the United States adjourned until to-morrow for the want of a quorum.

The present temper of the Senate is against the ratification of the Russian-American treaty. The whole subject, however, will be thoroughly discussed.

ST. LOUIS, April 1.—The following are the additional offices in which Mr. Ames had insurance on the Lindell Hotel: Continental, Albany, \$5,000; Humboldt, Philadelphia, \$10,000; Market, Washington, Resolute, International, Excelsior, North American, all of New York, for \$10,000 each.

Hatch, Weaver, Felt & Co. were insured on furniture in the following foreign offices: North American, Hartford; Maryland, Baltimore; National Marine, New Orleans; Commerce, Albany; Continental, \$5,000 each, and Home, Cincinnati, \$10,000.

EUROPE.

By the Atlantic Telegraph.

ENGLAND.

LONDON, April 1.—Regret is generally expressed, by the press and in political circles, at the proposed sale of the Russian possessions in North America to the United States.

The figures of the budget laid before the House of Commons, show that the revenue of Great Britain for the last fiscal year exceeds the expenditures of the Government by £2,500,000.

LIVERPOOL, April 1.—The steamship Sorava, from the Clyde, bound for Boston, sunk at sea during a severe storm on the 20th ult.

FORTIETH CONGRESS—First Session.

WASHINGTON, April 1.

SENATE.—Prayer by the Rev. Dr. Gray, Chaplain. The President called the Senate to order, and directed that he read the proclamation of the President convening the executive session.

On motion Anthony resolved that a committee of two members be appointed to wait on the President of the United States and inform him that a quorum of the Senate had assembled, and was ready to receive any communication he pleased to make.

On motion Anthony ordered that the daily hours of meeting be at 12 o'clock until otherwise ordered; also, that the standing committee of the Senate be continued during the present session.

On motion of Sherman, the Senate at quarter past 12 went into executive session.

Action of Congress on the Marine Hospital.

We clip the following from the House proceedings of Tuesday, March 26th, as reported in the Congressional Globe:

MARINE HOSPITAL, EVANSVILLE, IND. Mr. Niblack. I ask unanimous consent to introduce a joint resolution relating to the sale of the Marine Hospital at Evansville, Indiana.

There was no objection; and the joint resolution was received, and read a first and second time.

The joint resolution authorizes the Secretary of the Treasury to sell the Marine Hospital at Evansville, Indiana, to Bernard Nurre, for the sum of

\$10,000, that being the highest sum offered at the time the same was exposed to sale under advertisement, dated February 13, 1867, on condition that the building shall be used only for hospital purposes.

Mr. Stevens, of Pennsylvania. The resolution should be modified so as to provide that it shall be sold to the highest bidder.

Mr. Niblack. If the House will allow me to make a brief explanation I think I can satisfy them.

Mr. Stevens, of Pennsylvania. Will the gentleman allow me to move an amendment that it shall only be sold to the highest bidder on advertisement duly made?

Mr. Niblack. It has been put up for sale, and there were two bids of the same amount. My resolution proposes to give the preference to the party who wants to keep it as a hospital over the other party who wishes to use it for his own private purposes.

Mr. Stevens, of Pennsylvania. It ought to be differently worded. I do not like it to go in this way.

Mr. Niblack. I am acting under the advice of the officer having charge of it.

Mr. Stevens, of Pennsylvania. I will move as an amendment that it shall be sold to the highest bidder who proposes to keep it for hospital purposes.

Mr. Lawrence, of Ohio. I move to amend the amendment by providing that it shall not be sold at less than \$10,001.

Mr. Niblack. I demand the previous question.

The previous question was seconded and the main question ordered.

Mr. Stevens, of Pennsylvania. I accept the amendment of the gentleman from Ohio, and my amendment will then read as follows:

Provided, That it shall be sold to the highest bidder, who shall keep the same for hospital purposes, and for the sum of not less than \$10,001.

Mr. Scofield. I move to strike out the words, "who will keep the same for hospital purposes."

The Speaker. The amendment is not in order, as the main question has been ordered to be now put.

The amendment of Mr. Stevens, of Pennsylvania, was agreed to.

Mr. Scofield. I want to know of the gentleman from Indiana why the provision should be kept in, that it shall only be sold to the highest bidder, who will keep it for hospital purposes?

Mr. Schenck. This man wants to use it for hospital purposes, while others want to use it for manufacturing purposes. We desire that the former shall have the preference at the same price.

The joint resolution, as amended, was then ordered to be engrossed and read a third time; and being engrossed, it was accordingly read the third time, and passed.

Mr. Niblack moved to reconsider the vote by which the joint resolution was adopted; and also moved to lay the motion to reconsider on the table.

The latter motion was agreed to.
